Tags, priority, action: valid JSON, every time.

TICKET #1
SUPPORT INBOX · NEW

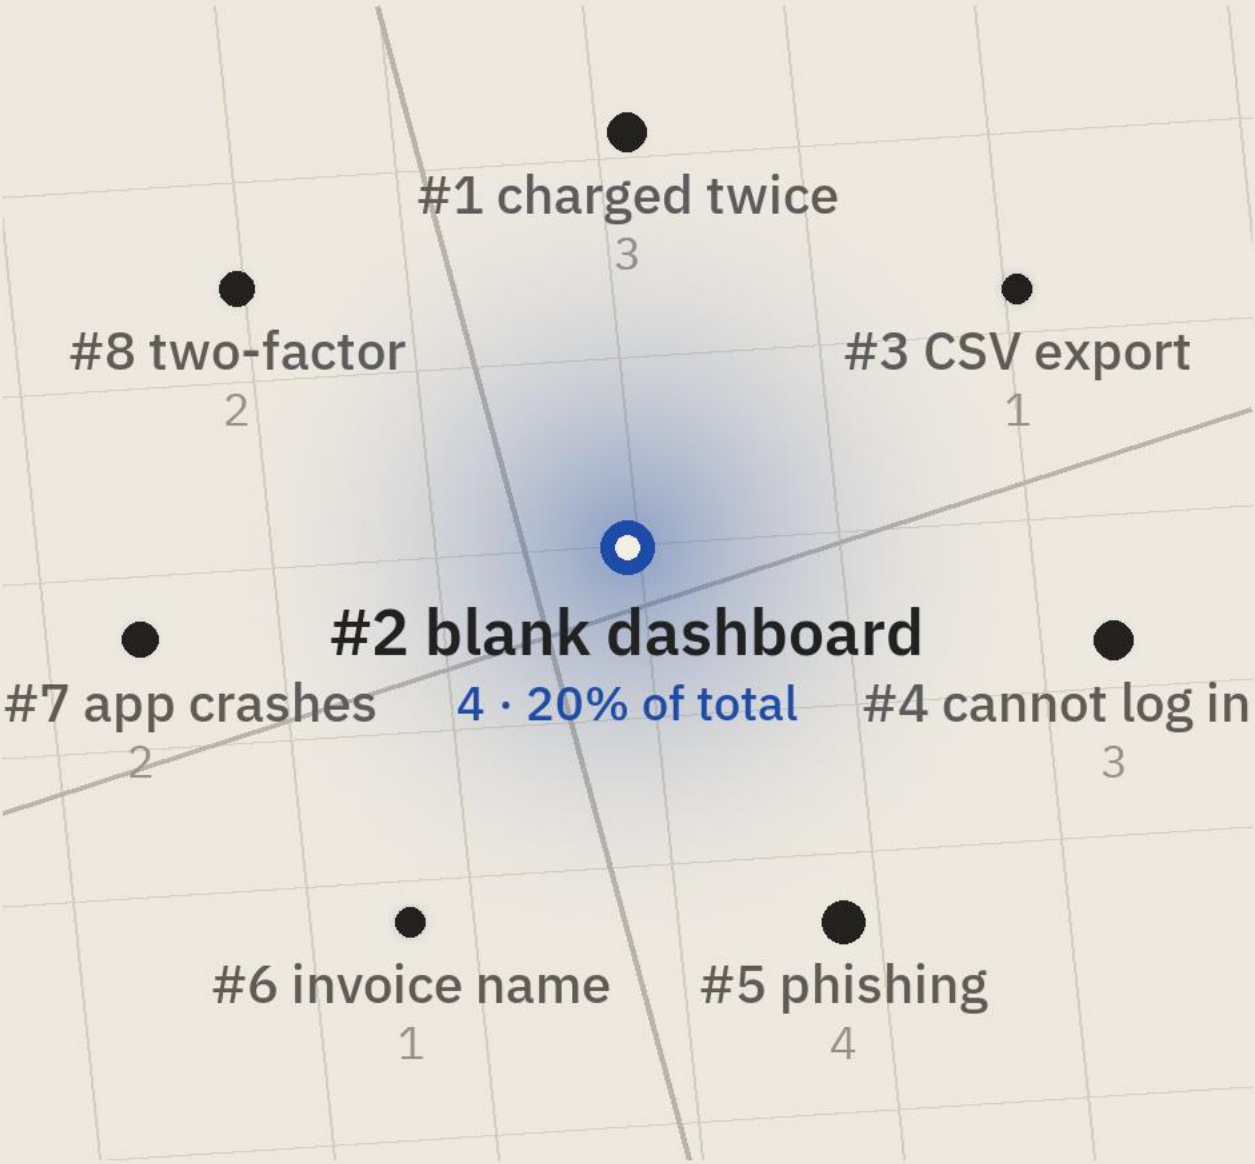

I was charged twice for my Pro subscription this month. Invoice #4821 and #4822 are both on my card. Please refund one.

Two of eight are urgent.

Does the schema hold with no key?

valid JSON	**8 / 8**	**8 / 8**

Ticket #1: billing, as JSON

8/8

tickets back as valid JSON · offline, no key

one limit

Offline says Low; the hand label says High.

And it ships.

Maximus Friedrich Baluyot

Try it: click ticket #2, read the JSON.
